

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

STAR CITY TOWN OF, WV3303116

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 7/1/2022 and 9/30/2022, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
27, MONITORING, ROUTINE (DBP), MAJOR Failure to monitor/report Haloacetic Acids (HAA5s)	7/1/2022 to 9/30/2022

What happened? What is being done? (Describe corrective action)

Samples were collected and tested late.
We have set reminders on computer calendar and personal/work cell phone to stop this from happening in the future.

For more information, please contact Phillip Davis at (304) 376-7664
or 370 Broadway Ave. Star City, WV 26505
(Contact name) (Phone number)
(Mailing address)

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
